ANNUAL GENDER SENSITIZATION ACTION PLAN 2021-2022

SUKANTA MAHAVIDYALAYA

Providing a secure environment for both students and staff in a higher education institution requires embedding ideals of equality, diversity, and inclusiveness, which are fostered by gender sensitization.

The college has CCTV cameras throughout the campus and security personnel at the entrance to ensure everyone feels protected. Internal complaints, grievance redress, and anti-ragging committees are all effective parts of the college's robust redress system.

Gender equality has been successfully discussed in academic setups thanks to the special papers of the current CBCS curriculum devoted to women and their issues in subjects like English, Political Science, History, and Philosophy. The college wants to educate everyone on "Gender Sensitization," including students, teachers, and office personnel. The college creates an annual gender sensitization action plan at the start of each academic session, drawing on the knowledge of several committees, and does its utmost to carry out the plan.
