## 2.3.2. Teachers use ICT enabled tools for effective teaching-learning process.

Following measures were taken by the teachers during the academic session:

- Due to Pandemic related restrictions on physical classroom teaching all the teachers practiced online teaching using Google Meet Platform or any other available Teaching learning Tool. Later the college managed to buy a common platform – G-suit for academic purpose.
- Teachers already created WhatsApp group for sharing important information and class notes. Before the start of a particular class link is shared with the students.
- After a class is over study materials are shared in the WhatsApp group.
- Later the study materials are uploaded at the academic resource section of departmental corner in the college website. Assessment was also conducted online.
- To conduct online classes teachers generally used Laptop, Desktop and/or Smartphone.
- During class at physical level Teachers sometimes used smart Classroom for teaching learning purpose and enable the students to enhance their understanding on a given topic. A blending of traditional teaching using chalk and talk and ICT based teaching was adopted at the classroom at physical level teaching learning.
