Dr. N. S. Das
The Principal

From the Principal's desk :

Sukanta Mahavidyalaya within its limited capacity has achieved a level of performance which is both outstanding and enviable. BBA is one of its remarkable milestones, which has already successfully completed seven years. In our Sukanta Mahavidyalaya campus, BBA is gradually becoming attractive to the advanced learners of this locality and at the same time North Bengal as a whole. We are trying our best to provide the BBA students with adequate facilities including multilarious and multi-dimensional training. BBA students of this Institution get opportunity of campus interview and thereby they become capable of accommodating themselves in reputed business houses. Prof. Sanjit Das, Co-ordinator of the BBA department is trying his best to take care of the students to fulfil their aspirations.

Undergraduate & Postgraduate Diploma Courses

BBA
3 Year full time

Business Administration
Affiliated to University of North Bengal

COP
1 Year full time

**Career Oriented Programme in
Computer Application (Certificate course)**
Affiliated to University of North Bengal

COP
2 Year full time

**Career Oriented Programme in
Computer Application (Diploma)**
Affiliated to University of North Bengal

COP
3 Year full time

**Career Oriented Programme in
Computer Application (Post Graduate Diploma)**
Affiliated to University of North Bengal

Career Oriented Guidance and Counseling Programs

The objective of the scheme is to introduce career and market-oriented, skill enhancing add-on courses that have utility for job, self-employment and empowerment of the students. At the end of three years, the students will be equipped with a Certificate/Diploma/Advanced diploma in an add-on orientation course along with a conventional degree in Science/Arts/Commerce. The Institutions should offer a wide range of career-oriented subjects in various related areas. Some of the indicative courses for Science stream could be Information and Computer technology, Refrigeration, Biotechnology, Hospital Waste Disposal Management and Sericulture etc.

It is a comprehensive, developmental program designed to assist individuals in making and implementing informed educational and occupational choices. A career guidance and counseling program develops an individual's competencies in self-knowledge, educational and occupational exploration, and career planning.

Career guidance and counseling programs help individuals acquire the knowledge, skills, and experience necessary to identify options, explore alternatives and succeed in society.

Career Guidance is a counseling programme designed to help students choose the right career path based on their educational and professional choices. It is a qualitative and quantitative assessment of the knowledge, skills, information, and experience to identify career options available.

In India, awareness, and information about various career options available to students passing out of school are limited. The culture of going to a career advisor is almost non-existent.

According to a recent survey, 93 percent of students were aware of less than ten career options like engineering, medicine, law, finance, IT etc. In contrast, there are more than 250 career options available today. In other words, the awareness levels of many career options are very low in the majority of students.

A career advisor or counsellor is an expert in exploring students' skill sets and interest levels and suggesting a balanced solution combining the merits of both.

The career advisor relies on career interest or aptitude tests as part of the discovery process to identify factors influencing career interests, abilities, and values. In essence, a career advisor sets realistic career goals for each student.
