Employers Action Taken Report, 2020-2021:

In my opinion Teachers strength is not sufficient. But proposal for sectioning more teaching post were placed before the Higher Education Department. The Department sectioned only a few numbers of posts and that have been filled up maintaining Government rules. In addition to that, to fill up the remaining vacant post, requisition to fill up the vacancy of Faculties have been placed to the College Service Commission, Govt. of West Bengal

Regarding faculty members, suggestions and opportunities have been provided to promote their efficiency. A good number of Faculties have been released to participate the International and National seminar and workshop, FDP and Orientation Courses.

To increase the number of Non-teaching employees, appropriate masseurs have been taken. As a result Nine numbers of Non-teaching posts of different categories were sectioned by the Higher Education Department. Accordingly process of recruitment had stated and Viva voce was held during the month of February - March, 2020. But as a Write-petition was filed by a candidate in Kolkata High Court, the rest process of recruitment is yet to be completed.

However to provide the service to the stake holder some Casual employees have been engaged to dispose the day to day activities. During last few years Research and development activities have been encourage and good number of research have been completed and some of the faculties obtained PhD Degree. Proper efforts have been under taken by the institute /Teachers for development of soft skills. Blended mood of teaching and learning have been introduced and it has been decided to promote the scope of employability through the process of carrier counseling. Considering the status of preparatory and constructive planning, hopefully the College will achieve all along development both in teaching learning and infrastructure within a short time.
