

2.3.2 Teachers use ICT enabled tools for effective teaching- learning process

Due to Pandemic related restrictions on physical classroom teaching all the teachers practiced online teaching using Google Meet Platform or any other available Teaching learning Tool. Later the college managed to buy a common platform – G-suit for academic purpose. Teachers already created WhatsApp group for sharing important information and class notes. Before the start of a particular class link is shared with the students. After a class is over study materials are shared in the WhatsApp group. Later the study materials are uploaded at the academic resource section of departmental corner in the college website. Assessment was also conducted online. To conduct online classes teachers generally used Laptop, Desktop and/or Smartphone.
