REPORT OF THE PROGRAMME
E-resources Orientation for Science Stream Students

The Library Department of Sukanta Mahavidyalaya has organised an e-resources orientation programme for the students of Science Stream on 8th December, 2020 from 12.00 noon onwards at room no. 24. The room is an ICT enabled classroom, therefore a presentation has been made through projector along with internet connection for hands-in demonstration. The students along with the teachers of the four science departments of our college, i.e., Mathematics, Physics, Chemistry and Computer Science, present in this programme. Mainly the students of 3rd Semester and 5th Semester B.Sc. Honours Courses are present in the programme. The main objective of the programme is to acquaint the students with different higher education e-resources, especially, e-books, e-journals and virtual labs available in the internet for their study. The librarian of the college has organised the programme and presented the e-resources of different subjects. In this presentation, there are higher education e-resources offered by the MHRD, like, NPTEL, Swayam, Consortium for Educational Communication (CEC), e-PG Pathshala, Virtual Labs etc.; Open Access e-resources like, DOAB, DOAJ etc., and also e-resources from foreign institute have been presented. There are altogether 45 students presented in the programme. With the help of faculties of concerned departments, students are allowed to click on the link or search the internet and also use some e-resources like, WolframAlpha, S.O.S. Mathematics, Virtual Labs, etc.

Academic year 2018-19

5.1.3 Report on Pariksha pe Charcha 2.0

'Pariksha Pe Charcha 2.0 Pariksha Ki Baat, PM ke Saath' was a great motivating experience for both students as well as teachers. We benefited a lot from the programme. The leader of our country directly comes to classrooms and involves in academic problems of students. The initiation was great. Thanks a lot. Prime Minister finds time to deal with the problems of grooming and young India.

We arranged live telecast on **Pariksha pe Charcha 2.0** for exam stress reduction by Honorable PM on 29.01.2019 at 11:00 AM at Sukanta Mahavidyalaya, Dhupguri, Jalpaiguri. This live viewing of the programme with Audio and Video equipments (Laptop, Projector and Screen) was observed by the entire college, where the total number of students, teachers & non-teaching staffs were 100, 15 & 05 respectively present.

Compiled by:

Amit Ghosh Roy
Assistant Professor
Dept of Computer Science
Sukanta Mahavidyalaya
Dhupguri, Jalpaiguri

'life-changing' speech by Prime Minister Narendra Modi on 11 Sept 2017.

Prime Minister Narendra Modi addressed students across the nation from Vigyan Bhawan in New Delhi on Monday 11 September, at 10.30 am, on the occasion of Pandit Deendayal Upadhyaya's Centenary Celebration and 125th Anniversary of Swami Vivekananda's address at the Chicago World Parliament of Religions on September 11. The Theme of the programme was "Young India, New India - A Resurgent Nation: from Sankalp to Sidhhi".

The students, teachers and support staffs of Sukanta Mahavidyalaya had gathered in lecture hall 19 to witness this historic moment on Monday at 10:30 a.m. The entire program was very well organised and the main event was the Prime Minister's speech.

Speaking at the event, Prime Minister Narendra Modi stressed on his Swachh Bharat Abhiyaan. Addressing the event, PM Modi said that Indians do not have the right to chant Vande Mataram if they go on to spit pan and throw garbage on roads. He further added that those who clean the roads and surroundings have the first right in the country.

Speaking about Swami Vivekananda's address in at Parliament on Religion in Chicago on 11 September, 1893, PM Modi said people in India remember 9/11 of 1893. "Today is 9/11...this day became widely spoken about after 2001 but there was another 9/11 of 1893 which we remember. Just with a few words, a youngster from India won over the world and showed the world the power of oneness," the Prime Minister said.

Over all it was a fruitful learning experience for all the participants.

Capacity building and skills enhancement initiatives taken by the institution , (ICT/Computing skills)

Report

Capacity building is the process of enhancing the knowledge, talents, procedures, and resources that enable organizations and communities to endure, adapt, and prosper in a world that is undergoing rapid change.

ICT is regarded as a part of IT. It is the research of information and communication technologies. ICT encompasses a variety of communication tools like radio, television, cell phones, computer hardware, software, etc., as well as the services and program that go along with them like video conferencing, remote learning, online learning, web-based learning, and EDUSAT.

ICT is essentially the technology that underpins activities. Data collection, processing, storing, and presentation are some of these processes.

ICT has a significant impact on economic growth, employment, and competitiveness. At the same time that it opens up new possibilities, some of the current manufacturing, communication, and distribution systems become less and less practical.

Our Geography Department has also taken up this capacity building program. Because ICT or computing skills are a part of their syllabus. ICT program has been taken up with fifth semester students of Geography department which will help them considerably in education and higher education.

In this ICT program, semester students have been trained on geo referencing and digitization. The students participated in the program with great enthusiasm and they actively made the program a success.

Dr. Debdeep Bhattacharjee, Assistant Professor of geography department, has trained them very carefully. 16 students of fifth semester participated in the program. This will help them a lot in their future life and in higher education and daily life.
